Relationship abuse of an intimate nature (RAIN)

RAIN is a free service that supports people who have been impacted by intimate partner violence. We provide client-centred case management that can include advocacy, safety planning and counselling.

Service area

RAIN is available to people living on the North West and West Coast of Tasmania by staff based in our offices in Devonport, Burnie and Zeehan.

Referral process

RAIN welcomes self-referrals as well as referrals from other organisations.

All referrals can be made by calling [1800 243 232](tel:1800243232) or emailing connectsupport@anglicare-tas.org.au

RAIN is not a crisis service and it does not support perpetrators.

Funding body

RAIN is supported by the Tasmanian Government through the Department of Premier and Cabinet.
