

# Shared and Supported Independent Living (SIL)

Finding the right home is one of life's most important decisions. We can help you find the home you require, based on what you need. Our flexible options help you find a place that's right for you.

We also work with residents to create a positive living environment in our shared homes and ensure we respond to our residents' feedback.

Our options include shared homes, short-term transitional units, supported residential centres and long-term communal accommodation.
